

BINTANG AGUS NUGROHO

Deputy Chairman of the Supervisory Board

Bintang Agus Nugroho is a landscape architect and sustainability expert with decades of experience in design, construction, and environmental advocacy. A **core founder of Green Building Council Indonesia (GBC Indonesia)**, he has been instrumental in advancing green building practices and educating professionals through **GREENSHIP Associate and GREENSHIP Professional training programs since 2010.**

His career spans across landscape contracting, architectural consultancy, and independent practice. He served as **Director at PT Abdilaras Panorama** and **contributed to large-scale projects as a freelance architect.** His leadership extends to multiple organizations, including **Ikatan Ahli Bangunan Hijau Indonesia (IABHI), which he co-founded in 2014 and now leads as Chairman**. He also established the **Lembaga Sertifikasi Kompetensi (LSK) PETAMAN** to certify professionals in landscape architecture.

Bintang has played a key role in national projects, including the **Design & Build of ministerial housing and ASN apartments in IKN (2022)** and the **Gelora Bung Karno Master Plan 2020-2040** under KemenPUPR. He has also contributed to heritage conservation efforts, serving as an expert in landscape architecture for the **Muarajambi Cultural Heritage Master Plan (2022).**

Internationally, he represented Indonesia as the **Chief Designer** for the **Indonesian Pavilion** at the I**nternationale Garten Ausstellung (IGA) in Germany (2003)**. His expertise is widely recognized, with frequent invitations as a design competition juror and speaker at workshops and webinars on sustainable urban development
