

DEDDY EL RASYID

CHAIRMAN OF THE SUPERVISORY BOARD

Deddy El Rashid is an independent building services engineer and green building consultant with extensive expertise in MEP design review, energy management, testing and commissioning, safety and fire suppression systems, and green building consultancy. His work spans operation and maintenance energy audits, maintenance audits, and condition surveys, ensuring high-performance building systems.

Currently, he **serves as an independent green consultant with a client portfolio that includes Sampoerna Land, Six Senses Hotel Resort Uluwatu, Indonesian Tourism Development Board Lombok Mahardika, and Universitas Jambi**. He also provides **technical support for ASHRAE**. His past roles include T**echnical Advisor for Green Constructions at PT Waskita Karya and MEP Technical Advisor at Ramboll UK**. He has also worked in **property and building management, notably as an Independent Consultant for BRI2 - Colliers International JO Bank BRI** and as **Director of Engineering at PT Mulia Intan Lestari - Hotel Mulia.**

Beyond consultancy, Deddy has contributed to education as a **Visiting Lecturer at Swiss German University's Faculty of Hotel, Tourism, and Management (2011–2015), specializing in engineering**. His qualifications include a **Merchant Marine Engineer Class C Certificate, GREENSHIP Professional accreditation, and certifications as an Accredited Energy Manager/Auditor Assessor, BNSP-certified professional, and AEMAS-certified Energy Manager Trainer.**

With decades of experience in sustainable building operations and high-performance engineering solutions, he continues to play a critical role in advancing green building practices across Indonesia.
