

# DEPUTY DIRECTOR OF GREEN FINANCING

## ARIO PRANANTO NUGROHO

Ario Nugroho is a certified GREENSHIP professional with a strong background in sustainable architecture and property development. As a Deputy Director of Green Financing at GBC Indonesia, he works to integrate green investment strategies into Indonesia's built environment.

At Sinar Mas Land, he oversees green building operations, ensures sustainability compliance, and serves as an internal GREENSHIP Professional for certification projects. His portfolio includes GOP1, GOP9, Biomedical Campus Office, and Navapark Neighborhood, all certified under the GREENSHIP framework.

Besides GREENSHIP Professional, Ario holds certifications in EDGE and Green Building Appraisal (SKK). He earned his degree in Architectural Engineering from Gadjah Mada University (1997) and a Master's in Management from Trisakti University (2001).
