

# CHAIRPERSON

## IGNESJZ KEMALAWARTA

Ir. Igniesz Kemalarwarta, MBA, is a prominent figure in Indonesia’s architecture and real estate sectors. As Chairperson of Green Building Council Indonesia and an advisor to the President Office of Sinar Mas Land, he brings decades of experience in real estate development, housing policy, and environmental advocacy.

He has worked in urban development for over four decades, starting at PT Gubah Laras and PT Pembangunan Jaya before joining Sinar Mas Land in 1989, where he continues to contribute. His influence extends beyond corporate leadership. He has served as Vice Chairman of Real Estate Indonesia (REI), Vice Chairman of KADIN’s Permanent Committee for Housing Development, and a board member at APINDO and FIABCI, focusing on property regulations and environmental policies.

With a degree in architecture from Institute Teknologi Bandung and an MBA from Newport University, USA, he combines technical knowledge with strategic leadership. His work in both the private sector and industry organizations has helped shape policies on green building, urban planning, and real estate development in Indonesia.
