

## DEPUTY DIRECTOR OF INSTITUTIONAL RELATIONS

### IR. ANGGIA MURNI

Ir. Anggia Murni is a seasoned landscape architect specializing in urban design and green building. With a Bachelor's degree in Landscape Architecture from Trisakti University, she has led major projects in landscape architecture and national sanitation. She is currently pursuing a Master's in Urban Design.

As a recognized expert and speaker, Anggia has contributed to large-scale projects, including public facilities, green spaces, and government buildings. She is a certified Green Building Appraiser Expert (Ahli Penilai Bangunan Hijau) and has received prestigious honors, including the Lifetime Achievement GBCI Award (2023) and recognition as one of 16 IFLA Women Around the World (2021).

As a certified GREENSHIP Professional, she plays an active role in advancing sustainable design through Green Building Council Indonesia. Her work focuses on creating sustainable, resilient urban environments.
